

Name \_\_\_\_\_

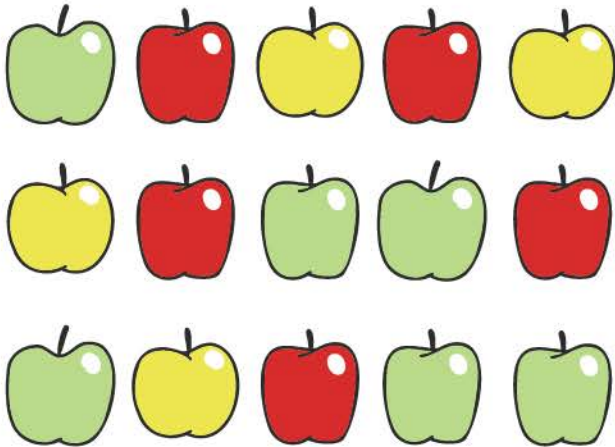

# I can count, write and draw!

 Count from 1 to 10. Write the missing numbers.

10 cartoon characters arranged in two rows of five. The first character in the first row has the number 1, the third has 3, and the fourth in the second row has 9. The other characters are blank for writing.

 Count the apples. How many of each?

Three empty rectangular boxes for counting. The first box contains a red dot, the second a yellow dot, and the third a green dot.

 Draw 3 red circles and 4 green circles
